

## **Jon and Susan Brewster Star Party**

May 12, 2007 (or May 19)

Two maps are available.

One was created to bring folks in from the North. This "FromSalem" map is best for the Salem crowd. It takes 20 to 25 minutes from the Salem bridges.

For anyone coming from the South, or living in Monmouth / Independence, or coming across the Independence bridge, the "FromCorvallis" map is best. From the Monmouth stop light its about 10 minutes.

If lost call us at 503 831 1397.

We'll be observing in the grass field in the center of the circular driveway (see image of site). The south end gives a low Western horizon. Feel free to arrive anytime before dark. We'll be home all afternoon. Parking will be at the "top" of the circle. Coming up the driveway after dark will shine headlights into the observing field. So in this case there is a parking area halfway up the driveway for late arrivals, or drive by parking lights for the last bit.

The observing field is a short walk to the front door and the guest bathroom. If anyone doesn't want to observe (little kids?), we can run a movie downstairs such that no lights show. Electricity is available in the field if needed.
